ABOUT

OpenSlava 2025 marks the **13th edition** of our annual conference on **emerging technologies** and **open source**, organized by **Accenture** in **Bratislava, Slovakia**.

OpenSlava is more than just a conference - it's a dynamic gathering of **innovators, thought leaders, experienced developers, tech architects**, and **everyone passionate about technology, open source, and innovation**. Whether you're a seasoned professional or an enthusiastic newcomer, OpenSlava brings together a diverse community eager to **explore the latest trends, learn,** and **share insights**, while sparking **meaningful conversations** about the future of tech.

Over the course of two exciting days, attendees can expect a dynamic program filled with insightful sessions, hands-on workshops, and engaging discussions.

Day 1, October 15, 2025: Hands-on Labs day

- A day of interactive, deep-dive workshops designed for small groups (20-30 participants) to explore emerging technologies in a practical, collaborative setting.

Day 2, October 16, 2025: Main conference day

- Keynotes, presentations, and lightning talks on the latest tech trends, alongside an exhibition area and networking opportunities to connect with industry professionals.

As part of our commitment to growing the OpenSlava community and ensuring accessibility for all, **registration for the conference will remain free of charge**.

Having evolved into an international event over the years, OpenSlava attracts top speakers and participants from across the globe. To connect this diverse community, **the conference will be held in English**.

Stay tuned for more updates as we unveil what's in store for this year's event!
